

What is Individual Placement and Support (IPS)?

It involves dedicated, individual support with your job search. This is followed by a position in paid employment. Your Employment Specialist will then provide support in work for you and your employer for as long as you need.

The IPS approach is internationally recognised as the most effective way to support individuals to secure a job placement and have a successful career.

You can call us on 0114 308 7000

9am – 5pm Monday – Friday

Want a job that can aid your recovery?

The IPS team can support you to find a meaningful job that suits your skills, abilities and experience

Did you know that the right employment can improve your wellbeing?

Being in a job role you want will:

- Build your confidence and skills
- Increase your social network
- Improve your financial situation
- Provide more structure in your life, and a sense of purpose

Our Individual Placement and Support (IPS) team is here to help you find and keep that job.

How can we help you at Likewise Sheffield?

We work with your Recovery Navigator or key worker. We help support in a variety of ways including:

- Using our links with local and national employers to connect you to the right job
- Meeting you in the community to develop your career
- Helping you develop your CV
- Interview preparation
- Providing disclosure advice
- Signposting to benefits office or other services to help financially

The service is open to anyone being supported by Likewise Sheffield.

To find out more about how the IPS team can help you, speak to your key worker or contact us at:
